# Recent Projects and Commissions

## Artroom Project:

An artist led programme of regular creative art sessions is now running in Roxburghe House and Woodend Hospital. This provides patients with the opportunity to work with a wide variety of materials in creatively inspiring surroundings. We hope to extend this to Royal Aberdeen Children's Hospital.

## Woodend Radiology Department:

We worked with the artist Susan T Grant and the Radiology Team to transform the ultrasound rooms and waiting areas. With trees, blossoms and birds as the main themes, patients can enjoy the display of falling blossoms or birds seemingly flying across the ceiling.

Your commitment to regular giving means that we can plan ahead to expand our services to all those who need us. GHAT is a registered charity, originally set up in 1985 to make hospitals in Grampian a better place for patients, staff and visitors.

Every day we receive requests for artwork, advice and help to brighten up a clinic or ward. We are now also working to involve patients in creating art themselves. We rely on additional support from people who appreciate the benefits of a pleasant, well designed environment that encourages healing and well-being.

If you would like to become a friend of GHAT, please complete the white section to the right and send it back to us.
